

Dust Collector

The new HOLYTEK Dust Collector Series offers you a range of Extractors with quality features at affordable prices. All-steel fans avoid damage from any wooden blocks inadvertently extracted. For power of 1 HP and over, all specifications are according to 'CE' standard requirements. The bottom bags are thick plastic material. All bags are with a patented adjustable spring metal clamp. Designed to greatly save your assembly time!

DC-005VDU

DC-002VDU
DC-003VDU

DC-001KP

DC-002VDU / DC-003VDU
DC-005VDU / DC-005VPU

Motor can swivel 180°

Features:

- The new HOLYTEK Dust Collector Series - with new design, and a new fashionable profile. It has easier assembly with only 4 or 6 screws to fix the machine. Will save time and money compared to your old machine.
- All filter bags have 5 micron capacity and comply with European 'CE' regulations.
- Models from 2 HP to 5 HP come standard with a magnetic switch. The 1 HP model has a non-volt release switch as standard.
