Yilmaz RYK420 Radial Arm Saw-

Not suitable for cutting aluminium, the RYK 420 Radial Arm Saw is designed for straight or angular cutting operations of large size materials made of PVC and timber.

Smooth movement and excellent sensitivity are provided through a gas spring, linear bearings and ergonomic handle. RYK 420 allows straight and angular cuttings by means of the pivoting and tilting head.

- 2x pneumatic vertical clamps & extension pieces
- Robust mechanical construction makes for effortless adjustments
- Sawblade capacity of up to 420 mm diameter
- Location points at 15°, 22.5°, 30°, 45°, 60°, 90° both left and right
- Pivoting range from 45° right to 60° left infinitely adjustable
- Tilting range from 90° to 45° left
