The Manager
W&R Jack Ltd

Dear Sir

A few weeks ago I took delivery of a New Holytek Sander from you
The quality of service extended by Bernie and your Auckland staff is to be commended, especially the way my particular machine specs were acquired and provided

Your service technician who commissioned the new machine was very friendly and Knowledgeable, He also fine tuned my Robland saw while he was here which has made so much difference please pass on my thanks to him

The new sander has well exceeded my expectations and has cut production time by as much as 50% a wonderful piece of top quality machinery

My staff are very pleased they no longer have to sand 100's of Meters of timber on the stroke sander

Please accept this as a personal thankyou for a great job all round

Gerry Evernden
