

Ascent Machinery BS350 Bandsaw-

We're pleased to offer the BS range of bandsaws. The BS350 is the smallest in the range and an excellent starting point for a home workshop.

With many of the features of its bigger brothers, the BS350 is no toy. When compared to other 14" bandsaws on the market in NZ, the BS350 is easily the most robust and reliable machine you'll find for the money.

- Two speeds for cutting a variety of materials
- 1.5kW motor - plenty of grunt for a machine of this size
- Precision alloy fence with magnification for accurate positioning
- Tilting table and mitre gauge
- Quick release mechanism for blade change
- Very smooth and quiet running

Assembly required.

Ascent Machinery BS350 Bandsaw-

Safety first

Micro-switches in the top and bottom doors ensure the bandsaw can't run while the doors are open.

Blade tension tracking window

A small window allows you to check the blade tension. Cutting height adjustment is via a large handwheel.

Mitre gauge

A mitre gauge gives you complete angle adjustment.
