Format-4 Kappa 450 x-motion Panel Saw-**FORMAT 4.**

Touchscreen controller

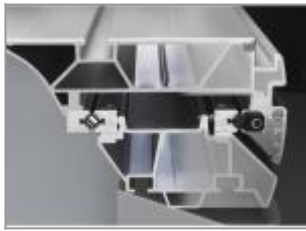

The new 10" colour touchscreen situated at eye level and adjustable to different positions

Automatic rip fence

Experience a significant boost in productivity with the Kappa 450 Automatic Rip Fence. Simply input your desired position on the user-friendly overhead control panel, and enjoy the rapid and precise movement to an accuracy of 0.1 mm.

- Rip capacity 1250mm

Felder "X-Roll" sliding table

The "X-Roll" sliding table sets a new standard for smoothness and accuracy, impressing users worldwide. Its secret lies in the unique cylindrical bearings that evenly distribute the load across the entire width of the hardened steel guiding tracks. This innovative design ensures an exceptionally silky-smooth sliding action that remains accurate and shows no signs of wear over time.

Specs shown are for the standard model we sell, but Format-4 offer a wide variety of options, so talk to us about customising a machine to suit you.

Standard Equipment

- Kappa 450 saw unit “155”
- The solid, cast-iron saw-unit provides powerful and accurate performance:
- Maximum saw blade diameter of 450 mm
- Maximum cutting height of 155 mm
- 3 speeds (3500/4500/5500 rpm) with digital display
- Electrical height and angle adjustment with digital display
- Oversized, double bearing saw arbor
- Poly-V belts for maximum power-transfer to the sawblade
- The one-piece cast iron saw unit guarantees strength and robustness

Unique to Format-4 and Felder panel saws: “Easy-Glide” Tilting Segments

- Cast iron, double-sided support offering maximum stability and durability of the saw unit with play-free tilt
- Completely maintenance-free
- Absolutely lubricant free and unaffected by dust
- “Zero” point tilt ensuring your rip fence and crosscut stops are 100% accurate at every cutting angle.
- “Easy Glide” is backed by a 6-year factory guarantee.
