

Felder FAT300S Work Table-

FELDER.

Working table, stacking table or equipment storage, the choice is yours with the FAT 300 S working table.

A large and robust frame allows a high loading capacity while the foot pedal height control makes the table extremely versatile and convenient to use for every task and every worker.

An additional feature of the FAT 300 S is the ability to attach a panel tilting device.

Weight capacity: 300 kg

Felder FAT300S Work Table-

FELDER

Robust Design

The FAT 300 S has an extremely sturdy frame and large hydraulic lift allowing a large weight capacity of up to 300 kg. The large wheels allows movement over uneven and dusty workshop floors.

Foot Operated Hydraulic Lift

The hydraulic lift height is conveniently adjusted by foot operation making light work of even the heaviest of loads.

Panel Tilting Device

The FAT 300 S model allows the ability to install a panel tilting device which turns back breaking tasks of manipulating large panels into an easy single person job.
