

Through lateral movement of the saw blade and spindle, a quick change HSK 63 system and control panel layout, the UPT 150/1 provides maximum functionality, versatility and ease of use.

- Encased on all sides to minimise noise and keep the operator safe
- A very heavy duty cast iron frame helps ensure excellent performance and accuracy
- HSK 63 quick change spindle
- Three decimal position readouts with quick locking system
- Manual tenoning carriage with lineal bearings sliding on round bar
