

# Felder S700 Powerfeed Tilt-away Bracket-**FELDER.**

---

The powerfeeder tilt-away bracket clamps onto the F-channel mounts and allows a permanent fixture of the powerfeeder. When the powerfeeder is not in use it is simply swung underneath the working table with gas strut assistance for lifting.

Note: This version suitable for Felder -700 series machine with F-channel coupling brackets from year of manufacture 2007 onwards.

Item Code: 430-017
