

Ascent Machinery SM100T Spindle Moulder-

The Ascent SM100T spindle moulder offers affordable moulding technology for your workshop.

The 1-1/4" spindle accepts wide range of standard tools, and smooth running anodised aluminium table comes as standard. Four spindle speeds ensure the right rotation for your job while easy-to-set micro-adjustable fences keep your work precise.

If you've had enough of trying to get a professional result out of your hand-held router then the SM100T is the answer.

- Big table surface for easy and safe working
- 1-1/4" spindle accepts wide range of standard tools
- Smooth-running anodised aluminium sliding table
- Heavy-duty clamp for accurate, secure use of the sliding table
- Large, simple and safe controls, including spindle speed indicator lights.
- Work piece pressure rollers for secure positioning and burn - free results.
- Heavy cast iron table to absorb vibration
- Four spindle speeds for best finish & tool life
- Micro adjustable fences for quick & precise set up

Some assembly required.
