

Gupfo 150mm Glue Applicator-

The PFOHL handheld glue applicators by Gupfo in Germany are the most well known and proven glue and adhesive spreader since their origins in 1925. Particularly suitable for large surfaces which need an even coating in the shortest time possible.

Advantages:

- Completely even and measurable glue application
- Effortless glue application even on curved surfaces
- Time savings of up to 50%
- Glue savings of up to 30% compared to traditional brush or spreader applicators
- Various interchangeable rollers suitable for use with all adhesive and glue types
- Glues with short setting times can be used
- No need to wipe excess glue off joints or edges.

Provided with 1x Grey Foam Rubber Roller with ribbed non-porous surface suitable for both white glues and kaurit (hardened) glues.
