

Mafell MKS 185Ec Portable Circular Carpentry Saw-

The Mafell MKS 185Ec carpenter's portable circular saw uses ultra-modern die-cast magnesium alloys to achieve an extraordinary weight/performance ratio. Weighing only 16.1kg, the MKS 185Ec accurately and powerfully makes 185mm cuts like no other saws in its class.

In a class of its own: heavy-duty 3000 Watt (3.8 hp) motor for extreme 185 mm (7 5/16 in.) cutting performance. The saw's handling and behavior are refined by smooth starting, constant speeds under load, speed reduction and overload protection.

The easy-to-use stop system, the low noise emission and the remote-controlled retractable knife guard make your work much easier.

The very smooth-running height adjustment with its clearly legible scale and an effective brake also ensure perfect cutting results and optimum operator safety.

Mafell MKS 185Ec Portable Circular Carpentry Saw-

Tilt range of 0 - 60°

The tilt range of 0 - 60° enables extreme bevel cuts

Easy to adjust

Depth of cut can be adjusted easily via a precise handwheel

Impressive cutting depth at 60°

With a tilting range of 60°, the MKS 185Ec is ideal for compound mitre cuts, even at this angle the maximum cutting depth remains an impressive 65mm

Overview and features

- Cross-cutting and rip cuts
- Bevel cuts up to 60°
- General joining work
- Compatible materials include solid wood, laminated beams, insulating materials, composite boards
- With CUPrex, the high-performance motor
- Unique ratio between maximum stability and minimum weight.
- High quality standard means lower machine costs and longer service life.
- Constant cut display for 0° - 60° - due to exact centre of rotation, which is on the underside of the base plate.

Mafell MKS 185Ec Portable Circular Carpentry Saw-

Specifications

Maximum cutting depth 105 - 185mm

Weight 16,1kg

Cutting width @ 45° 74 - 131mm

Table tilt 0 - 60 °
