

Mafell K 65 cc Portable Circular Saw-

With the compact and ultra-performing K 65 cc, you can achieve superb quality cuts at depths of up to 67 millimeters – and this from a portable circular saw with the best power-to-weight ratio in its class. It offers all the weight and handling advantages of a 55-series machine with the cutting depth of a 65 mm model. It is no longer necessary to unscrew the riving knife – the FLIPPKEIL offers you optimum user-friendliness and safety when plunge cutting.

Sheer power and high torque take on a whole new meaning with the new high-output CUprex motor. It offers performance-optimized digital electronics and newly developed control technology. Its speed is continuously variable according to the nature of the material and application.

Thanks to the unique tilting system, a cutting depth of 53 mm is always available in the angle range from 0° to 45°.

The K 65 cc's cutting depth can be preset and locked in the range from 8 to 67 mm.

The innovative pointer automatically follows the machine as it is tilted and therefore always accurately tracks the actual cutting edge.

Mafell K 65 cc Portable Circular Saw-

Chip Removal System

The chip management system was designed and optimized for cutting fiberboard. The superb chip removal system offers substantial benefits, including when executing plunge cuts in the fiber direction

Pivoting Guard

The pivoting guard is retracted quickly and easily by means of a lever for convenience and safety when executing bevel and plunge cuts

MAFELL Guide Tracks

Using the MAFELL guide tracks or the parallel fence included in the delivery scope, which is graduated in millimeters, decking boards for instance can be made to fit exactly

Overview and features

- Cross-cutting and rip cuts
- Bevel / compound miter cuts up to 45°
- Birdsmouth cuts
- Plunge cuts
- Chamfers and grooves
- Compatible materials include solid wood, board materials, insulating materials, doors, worktops and internal finishing and renovation materials

Specifications

Motor	1.8kW (2.4hp)
Maximum cutting depth	0 - 67mm - at 45° 0 - 53mm
Weight	4.5kg
Tilt range	0 to 45°

Specifications are subject to change without notice.
