

Mafell A12 Cordless Drill Driver-

The cordless drill driver A12: the ergonomic one with extreme power! Smaller format, big performance.

Battery included, this compact cordless drill driver A12 raises eyebrows in its class in view of its exceptional output and clever functions. This handy, multi-talented machine is the ideal choice for all finishing tasks.

Advantages & features:

Optimal centre of gravity for fatigue-free working - no matter which attachment or battery is used

Magnetic bit holder, on the side of the screwdriver - the recess prevents the bit from accidentally slipping off

Spindle with 1/4" socket for direct pick-up of bits and quick-change accessories.

The switch enables sensitive metering for delicate work

Due to the excellent workmanship and the oval handle shape, the A 12 fits perfectly in the hand

Bright LED light provides wide-area illumination of the working area without casting unfavourable shadows

Maximum torque of 45 Nm makes the A12 a powerful all-rounder

20-stage torque preselection can be conveniently set via a click-stop function on the rotary wheel

Including T-MAX (transport case)
