Mafell ASB 18 Cordless Impact Drill Driver PURE in T-MAX-

The all new generation cordless Impact drill driver ASB 18 from Mafell

- Drilling
- Driving
- Percussion drilling

Capable in dealing with the toughest challenges, the new-generation A 18 and ASB 18 has an especially rugged specification and extra power. addition of the Impact drill function makes the ASB 18 a genuine all-rounder. By applying the MAFELL ErgoBalance design principle, ease of use and fatigue-free operation is priotised.

*Battery is not included

Delivery specification:

- 1 Quick-release chuck A-SBF 13; Ref. No. 206772
- 1 Quick-release bit holder A-SBH; Ref. No. 206766
- 1 Belt clip
- 1 Auxiliary handle
- Transport and storage box T-MAX

Mafell ASB 18 Cordless Impact Drill Driver PURE in T-MAX-

Powerful impact drill functionality

Delivers excellent results when drilling holes in masonry

Spirit levels

Two spirit levels clearly indicate the 90° angle when driving screws and drilling, horizontally and vertically

Anti-kickback

The electronic anti-kickback function provides extra safety by actively shutting down the motor and protecting the wrist against sudden twisting

Overview and features

Its impact drill function makes the ASB 18 a genuine all-rounder

- In difficult situations the impulse mode delivers a critical boost, e.g. for releasing immovable screws or controlling the first few turns when drilling into smooth surfaces.
- With 4 magnetic bit holders on both sides of the battery holder, the desired bit is always to hand.
- Bright LED lamps with an afterglow effect illuminate a large working area.
- Bits and push-fit accessories are inserted directly in the 1/4" drive.
- 43 mm diameter clamping collar fits all MAFELL BST drilling stations.
- To overcome the toughest challenges, we have given the new-generation A 18 an especially rugged specification and extra power.

Specifications

Voltage rating 18V

Weight 1.3kg

Technical data:

Collar diameter	43 mm
Chuck capacity	13 mm
Max. drilling diameter in wood / steel	68 / 13 mm
Torque soft / hard	65 / 130 Nm
Impulse torque (soft)	65 Nm
1st speed range	0 - 560 1/min
2nd speed range	0 - 1960 1/min
Dimensions (L x W x H)	163 x 79 x 201 mm
Nominal voltage	18 V
Impact rate	38000 1/min
Torque settings	10 + 1
Vibration (measured in metal/reinforced concrete) <	2,5/15,5 m/s ²
Noise level dB(A)	92
Sound power level (LwA) dB(A)	103
Weight	1,3 kg

Specifications are subject to change without notice.
