

# Mayer Advanced Line 250-

**MAYER**  
MEMBER OF FELDER GROUP

The advanced line 250 is the strongest beam saw in its class. Maximum performance with outstanding precision and cutting quality convince in every challenge.

Outstanding precision and cutting quality with maximum performance convince in every challenge. With saw motors of 55 or 75 kW power, the Advanced line 250 achieves exceptional feed rates and cutting performance in every application. Together with numerous proven Mayer details, it is a top-of-the-range machine for the ultimate panel cutting of aluminium, non-ferrous metals and plastics.

# Mayer Advanced Line 250-

## Double pressure beam with laser measurement

The split pressure beam facilitates minimum trimming cuts (chip or scratch cuts) regardless of the programmed board dimension. This guarantees optimal material utilisation with perfect dust extraction

## Universal roller tables

Power-saving transportation of heavy panels for highly productive one-man operation is possible thanks to the universal roller tables that are moved on linear guides

## Pneumatically liftable table segments

Thanks to the pneumatic liftable table segments, heavy panels can be moved easily and without being damaged

## Specifications

<b>Motor</b>	55-75kW
<b>Saw blade Ø</b>	680mm
<b>Cutting capacity</b>	3200mm, 4200mm (& custom cutting lengths)
<b>Feed speed</b>	0.2-60 m/min
<b>Maximum cutting height</b>	270mm

Specifications are subject to change without notice.
