

Hammer K3 Winner Comfort Panel Saw- Hammer.

Size, performance and precision with proven Hammer technology.

The K3 Winner, with the Comfort Package, is a format circular saw that boasts high-quality Hammer technology, unique ease of operation and innovative solutions that are obvious in every detail.

The Comfort package includes additional features such as the 2000 mm sliding table and 1100mm outrigger table with mitre index system that meet the high demands of professionals. Other features include preparation for grooving tooling and a cast iron guiding bar on the rip fence.

Naturally there are many other useful accessories available to fulfil your individual needs.

Please note machine images may show optional equipment.

Hammer K3 Winner Comfort Panel Saw- Hammer.

Optimal power transmission

The power transmission of the motor power to the saw arbour or moulder spindle is achieved using large dimensioned Poly-V belts and counter surface. The surface area which is increased through the V shape of the drive belt on the pulley increases the grip and ensures an almost perfect transmission of power from the motor to the saw arbour and moulder spindle.

Grooving, slot and tenoning

Every hammer panel saw can be equipped with a preparation for the use of specialised dado tooling. The dado tool can be fitted to the saw arbour and makes it possible to make various width grooves, tenons and slots of between 8 and 19.5 mm in width.

Minimal space requirement

Hammer woodworking machines are an absolute spatial wonder. The efficient machine design of a Hammer means that space can be found in even the smallest of workshops. As an option a rolling carriage can be fitted to every Hammer, offering mobility and freeing up additional space.

Overview and features

Hammer K3 Winner Comfort Panel Saw- Hammer.

Specifications

Motor	3kW (4hp) single phase
Weight	320kg
Max. saw blade Ø	315mm
Max. cutting height @ 90°	103mm
Saw blade speed	4800rpm
Rip capacity	1250mm
Working height	888mm
Sliding table length	2000mm
Crosscut fence length	1300mm

Specs shown are for the standard model we offer, but Felder offer a wide variety of options, so talk to us about customising a machine to suit you.
