Tormek ACC150 Anti-Corrosion Concentrate-

Makes water non-corrosive.

Always use with Tormek diamond wheels, can also be used with grindstones.

Each package includes 2x150 ml.

Add 10 ml concentrate to 250 ml water (~4%). Scale for correct dilution. Mix Anti-Corrosion Concentrate and water before adding to water trough. If you want to save the mix overnight, remember to lower the water trough. Does not contain anti-freeze.
