

Tormek T4 Wetstone Grinder-

The Tormek T-4 Original is a compact quality machine that's perfect for home and hobby use, or professionals with limited space. Knives, scissors, lawnmower blades and chisels. Most edge tools you can think of can be made sharper than when they were new with Tormek's comprehensive jig system. The universal support provides precise repeatability, and you achieve razor sharpness with the leather honing wheel.

Why the Tormek T-4 Original?

- Compact water-cooled sharpening system for all your edge tools
- Water-cooled sharpening with no risk of overheating the steel
- Exact replication - sharpen your tools with unbeatable precision
- Efficient grindstone with adjustable properties equivalent to 220 to 1000 grit
- Sturdy, cast zinc top with patented mounts for precise sharpening and full control
- Maintenance-free industrial motor (AC) ensures minimal speed loss even under heavy load
- 8-year warranty, 5 years + 3 years when you register online (for private use)
- Unique drive system with RKX18 rubber drive wheels
- Stainless steel shaft with composite EzyLock for easy replacement of grinding wheels

Tormek T4 Wetstone Grinder-

Easy storage for the AngleMaster

The machine plate is now made of metal, which makes it a convenient place to store the Tormek AngleMaster (which has magnetic feet).

Integration between motor and main shaft

Vital parts like the motor and the main shaft are integrated with the zinc cast top.

The essentials as standard

Delivered with the Stone Grader SP650, AngleMaster WM200, Honing Compound, DVD and the comprehensive Tormek Handbook on sharpening. Configure the T4 with your choice of jigs, according to the tools that you are choosing to sharpen. The jigs are sold separately.

Overview and features

The Tormek T-4 Original comes with:

- SG-200 Original Grindstone with adjustable sharpening properties,
- LA-145 Leather Honing Wheel for deburring and polishing the bevel,
- US-103 Universal Support for precision sharpening,
- SP-650 Stone Grader to adjust the grit of your grindstone,
- WM-200 AngleMaster to measure the sharpening angle,
- PA-70 Honing Compound which is used on the leather honing wheel,
- EM-15 Edge Marker for coloring the bevel when setting the sharpening angle,
- HB-10 Tormek Handbook comes in different language versions depending on the market.

Complement your Tormek T-4 Original with a selection of [jigs](#) for the tools you'll be sharpening (sold separately).

Tormek T4 Wetstone Grinder-

Why Tormek?

- **Sharpen all your edge tools**

With the wide range of Tormek patented jigs, you can sharpen practically all types of edge tools. Tormek is dedicated to developing water cooled sharpening through innovative solutions.

- **Exact replication**

The key word when sharpening the Tormek way is repeatability. You can shape the tool exactly to your needs. Even complicated shapes such as fingernail turning gouges, spoon carving gouges and oval skew chisels with a radiused edge are easily sharpened.

- **Cleanest edges**

You finish the sharpening process by honing and polishing the edge on the leather honing wheel. You get a razor sharp edge.

- **Fast sharpening**

Once the shape is created, you remove only a fraction of the steel when re-sharpening, which makes it a quick job.

- **Full control**

At the low speed, you have full control of the sharpening and remove no more steel than necessary. An extra benefit is that your tools last longer.

- **No risk of overheating**

There is no risk that the edge becomes overheated and loses its hardness.

- **Safe and quiet**

Worn steel particles are deposited into the water trough, keeping the air clear of grinding dust. No sparks are produced, avoiding a potential fire hazard in workshops with a lot of wood dust. You will also find that the Tormek runs surprisingly quietly.

- **Quality and performance**

Buying a Tormek is a safe investment in quality and performance with a 7 year warranty. You are assured that all future developments will fit your machine.

*When used for commercial, industrial or educational purpose, the T4 warranty is 2 years.

Tormek T4 Wetstone Grinder-

Specifications
