# Tormek TNT708E Woodturners Kit

## Gouge Jig

For fingernail-shaped bowl gouges and spindle gouges. Can be set to create the edge geometry of your choice. Also for exchangeable cutters of any shape.

## Multi Jig

For skew chisels with a straight or curved edge. Can be set for any skew angle. Even for skews with oval section. Also for parting and beading tools and roughing gouges.

## Turning Tool Setter

For instant setting of the geometries on gouges and skews when using the SVD185 and the SVS50 jigs. With built in edge geometries. Works on any stone diameter.
