

Felder AF22 Extractor (secondhand)

FELDER

Please be aware that all secondhand machinery is sold on an 'as is' basis. As per the **Health and Safety at Work Act 2015, s 42(7)**, 'as is' means "the plant is sold without any representations or warranties about its quality, durability, or fitness, and with the entire risk in those respects to be borne by the buyer".

Good working Secondhand condition.

Made in Austria, the AF 22 is a top seller among the standard extraction units. With a footprint of only 1300 x 520 mm, the AF 22 is a real space-saver. Its vacuum power measures an exceptional 3100 m³/h and the 120 + 80mm ports allow it to be connected directly to any Felder saw with an under-table outlet and an overhead guard outlet.
