

JacksTech 2021

Machines that mean business

SAFETY FIRST!

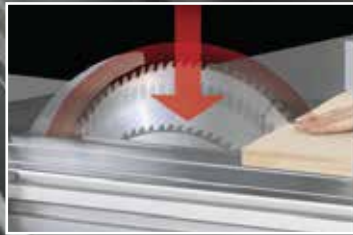

Prevent accidents on a Panel Saw with the revolutionary Preventive Contact System (PCS)

Live demonstrations:
September 14 – 16, 9am – 5pm

WORLD INNOVATION: PCS®

PCS detects accident hazards before contact with the saw blade.

PCS eliminates the hazardous situation in milliseconds.

PCS is ready to be used again at the push of a button.

Available on FORMAT-4 kappa 550 Panel Saws
